**Nursery Stock for Autumn
1874.**

SWEET & MOREY,

Dansville, Livingston Co., N. Y.

WE TAKE pleasure in calling the attention of Nurserymen and Dealers to our Trade List for 1874 and 5. Our stock has made fine growth this season and cannot fail to give entire satisfaction to those ordering from us.

Nature has afforded us facilities both in climate and soil for growing strong, healthy trees which we feel assured cannot be surpassed. Our location is at the head of the Genesee Valley, 50 miles south of Rochester, in the midst of the richest and finest fruit growing section of the state. We are on the Dansville Branch of the Erie R. R. and there are now two trains daily from Rochester to our place without change of cars, connecting at Avon with trains on the Erie Road for all points east and west. Passengers leaving Rochester at 9:30 a. m. arrive here at noon, have four hours here, and can leave again for Rochester or Buffalo at 4:15 p. m. Our nursery grounds are but five minutes' walk from the depot.

TO PURCHASERS.

All articles will be packed with the utmost care, and all packages will be forwarded at the risk of the purchaser. The selection of varieties must in all cases be left to us, but we will conform to the wishes of the purchaser as far as practicable.
